KACO Solar Inc. to exhibit at Solar Power 2007 and host yacht party gala.

KACO Solar Inc. is gearing up for another year at the SEPA/SEIA sponsored Solar Power in Long Beach this September 24-27th. Interested parties can visit KACO at booth number 145. The KACO team is hosting a premier gala on the Endless Dreams Yacht. The space is limited so registration should be done before September 14th at www.kacosolar.com/cruise.shtml. The party will be hosted by the KACO team. A special appearance by Sue Kateley, Director of CAL SEIA will enrich the experience for everyone on board. There will be an open bar and full buffet.

About KACO Solar, Inc.

A powerful partner for PV system solutions, KACO Solar has built a tradition of excellence in the photovoltaic inverter and power electronics industries. Our German-based factory engineers have been developing, designing and manufacturing current inverters and power electronics for more than 60 years.

The KACO product family "Blue Planet" has set new standards in photovoltaic applications - particularly in reliability, efficiency, power density, and a patented technology to meet NEC requirements. As the heart of your photovoltaic installation, your KACO inverter pumps electricity into the public grid continuously and efficiently, earning you money and a solid return on investment.
