KACO NEW ENERGY USA hires new Director of Sales, Mark Stuart to guide North American sales.

SAN FRANCISCO, Calif. —KACO new energy is happy to announce the newest addition to the new energy USA team; Mark Stuart.

KACO new energy the world's second largest inverter manufacturer; with over 2GW of PV inverters in the field to date is excited to announce the new Director of Sales for the North American market Mr. Mark Stuart.

Mr. Stuart has been leading sales teams for over two decades. He brings to the KACO new energy team a fresh approach to PV inverter sales. Mr. Stuart most recently led the sales team at ETA Circuit Protection; a multi million dollar electronic component manufacturer. His experience in PV is varied and his specific sales style will accentuate the existing specialties of the KACO team. Mr. Stuart has had sales leadership roles at XCEL Energy, a leading combination electricity and natural gas energy company and Emerson Process Management. He has received accolades by colleagues and team mates and KACO is happy to have him on board.

Mr. Stuart will be on the ground and leading the KACO team in the field. He will no doubt make a splash in the industry and KACO would be glad to facilitate a dialogue between your organization and Mr. Stuart. Please contact KACO today at kacoinfo@kaco-newenergy.com for more information about Mr. Stuart's history and his roles at KACO new energy US.

ABOUT KACO:

A powerful partner for PV system solutions, KACO new energy has built a tradition of excellence in the photovoltaic inverter and power electronics industries. Our German-based factory engineers have been developing, designing and manufacturing current inverters and power electronics for more than 60 years.

The KACO blueplanet product family has set new standards in photovoltaic applications - particularly in reliability, efficiency, power density, and patented technology to meet NEC requirements. As the heart of your photovoltaic installation, your KACO inverter pumps electricity into the public grid continuously and efficiently. The efficiency of the KACO blueplanet inverters will earn you money and a solid return on your solar investment. Additional information about KACO is available at www.kaco-newenergy.com.
