SAN FRANCISCO, Calif. — March 16th, 2009 — KACO Solar would like to cordially invite you to a NABCEP approved KACO Technical Training. Our in depth training will provide insight on how to use all KACO products and focus especially on KACO's new and industry leading line of accessories.

This training event will educate your technical and sales team and provide your colleagues the knowledge they need to work with KACO's superior blueplanet grid tied inverters. We will provide a free DVD with all the info about KACO and its inverters as well as a certificate of completion.

You will receive three NABCEP credits for continuing education!
